
Zedira announces ISO9001:2015 certification

Darmstadt, November, 5th 2019

Zedira is proud to have been awarded ISO 9001:2015 certification, one of the most rigorous and well-regarded standards in the world.

Diagnostic and pharmaceutical industries are subject to increasing regulatory demands.

Zedira is a provider of raw materials and services for said industries. Zedira's decision to implement the management system as per DIN EN ISO 9001:2015 demonstrates its commitment to continually improving its products and services. The internationally recognised standard ensures Zedira's products and services meet the needs of customers through an effective quality management system.

To become ISO 9001:2015 compliant, the entire Darmstadt (Germany) based Zedira team, underwent an extensive company-wide audit by TÜV Hessen, according to "TÜV PROFiCERT" procedures. The certificate was presented on September 13th, 2019 with the scope "research, development, production, and distribution in the area of biotechnology".

About Zedira GmbH:

The Darmstadt-based biotech company has a focus on celiac disease and other transglutaminase-linked conditions in the arena of autoimmunity, fibrotic disease and coagulation. The company develops, produces and markets specialty reagents and kits for research and development as well as for clinical diagnostics. Zedira further produces microbial transglutaminase (MTG) as raw material for antibody drug conjugate (ADC) production.

Zedira established a pipeline of drug candidates adapted to specific indications based on its patented family of low-molecular transglutaminase blockers. ZED1227 is the first direct acting transglutaminase inhibitor in clinical development. The small molecule tissue transglutaminase blocker is currently in Phase 2a clinical trials for the treatment of celiac disease together with Dr. Falk Pharma.

Zedira is a portfolio company of the German High-Tech Gründerfonds.
