Zedira is a provider of raw materials and is committed to continually improving its products and services. The internationally recognized standard ISO 9001:2015 ensures Zedira's products and services meet the needs of customers through an effective quality management system.

To become ISO 9001:2015 compliant, the entire Darmstadt (Germany) based Zedira team, underwent an extensive company-wide audit by TÜV Hessen. The certificate was first presented on September 13<sup>th</sup>, 2019 with the scope "research, development, production, and distribution in the area of biotechnology". In 2022, our continuous efforts to further improve the quality management system has been acknowledged by the successful recertification.

---

Zedira offers the full range of products for transglutaminase and celiac disease research as well as antigens for celiac disease diagnostics. Further, our recombinant microbial transglutaminase (Andracon™) is considered the industrial gold standard for this unique bio-crosslinker. For detailed information concerning our products please refer to our web site: [www.zedira.com](http://www.zedira.com)

We are continuously enlarging our product portfolio to fulfil researcher's requirements in the field of transglutaminase R&D. Should you have any questions or queries about our products, please do not hesitate to contact us: [contact@zedira.com](mailto:contact@zedira.com)
