

April 11th, 2022

Zedira supports Gordon Research Seminar **“Pathology, Mechanism and Intervention of Transglutaminases”.**

Zedira is proud to support the **Gordon Research Seminar** (GRS) dedicated to Transglutaminase: *“The Gordon Research Seminar on Transglutaminases in Human Disease Processes is a unique forum for graduate students, post-docs, and other scientists with comparable levels of experience and education to present and exchange new data and cutting-edge ideas. This is the Second Gordon Research Seminar on Transglutaminases and this meeting will focus on the contributions that young scientists continue to make in this expansive and dynamic field of research”.* (Source [GRS](#))

The GRS will be held from **June 11th until June 12th, 2022**, at [Mount Snow](#), VT, USA, in conjunction with the Gordon Research Conference ([GRC](#)).

Please notice that Zedira offers the full range of products for transglutaminase and celiac disease research. For detailed information concerning our products please refer to our web site: www.zedira.com

We are continuously enlarging our product portfolio to fulfil researcher’s requirements in the field of transglutaminase R&D. Should you have any questions or queries about our products, please do not hesitate to contact us: contact@zedira.com
