

## Zedira communication

### Zedira presents preclinical data at “14th International Coeliac Disease Symposium 2011” in Oslo

---

The poster presentation entitled “**preclinical development of tissue transglutaminase blockers**” is available for [download](#).

ZED-101 is a peptidomimetic blocker targeting TG2 intended for the development of a non dietary therapy for celiac disease.

For more details about the conference we refer to [14th International Coeliac Disease Symposium 2011](#).
