

## Zedira communication

### Zedira presents data dealing with the production and characterization of recombinant Factor XIII in September 2011

---

Zedira presents scientific data at "3rd FEBS Matrix Pathobiology, Signalling and Molecular Targets (MPST) Advanced Lecture Course" in Spetses, Greece. Andreas Heil publishes the results of his master thesis performed at the research labs of Zedira in a poster presentation.

You can download the poster entitled "Purification and Characterization Of Recombinant Blood Coagulation Factor XIII From Different Species" [here](#).

Andreas Heil recently joined the group of Prof. Daniel Aeschlimann in Cardiff.
